---	--

Pursuant to section 206 of the Clean Air Act (42 U.S.C.7525) and 40 CFR Parts 1051, 1065 and 1068, this certificate of conformity is hereby issued with respect to test vehicles or engines which have been found to conform to the requirements of the regulation and Control of Air Pollution from New Recreation Vehicles and New Recreation Vehicle Engines (40 CFR Parts 1051, 1065 and 1068) and which represent the above vehicles and models listed above by Engine Family and evaporative equipment, more fully described in the application of the above named manufacturer/importer. Vehicles and models covered by this certificate have demonstrated compliance with the applicable emission standards, as more fully described in the manufacturer/importer's application. This certificate covers the above models, which are designed to meet the applicable emission standards specified in 40 CFR Parts 1051, at both high and low altitudes as specified in the manufacturer/importer's application.

EPA is issuing this certificate subject to the conditions and provisions of 40 CFR Part 1051, Subpart D, and G.

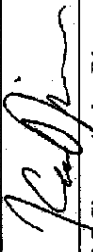

This certificate covers only those vehicles which conform, in all material respects, to the design specifications that applied to those vehicles described in the documentation required by 40 CFR Parts 1051, 1065 and 1068 and are produced during the 2007 model year production period as defined in 40 CFR Parts 1051, 1065 and 1068. The manufacturer/importer shall obtain the approval of the California Air Resources Board (in the form of an executive order issued by the California Air Resources Board) prior to introducing any vehicle covered by this certificate into commerce (1) in the State of California, or (2) in a State that, under the authority of Section 177 of the Clean Air Act, has adopted and placed into effect the California standards to which this test group has been certified. This Certificate does not cover vehicles sold, offered for sale, introduced, or delivered for introduction into commerce in the U.S. prior to the effective date of the certificate.

---	--

Pursuant to section 206 of the Clean Air Act (42 U.S.C. 7525) and 40 CFR Parts 101, 105, and 1068, this certificate of conformity is hereby issued with respect to test vehicles or engines which have been found to conform to the requirements of the regulation and Control of Air Pollution from New Recreation Vehicles and New Recreation Vehicle Engines (40 CFR Parts 1051, 1065 and 1068) and which represent the models listed above by Engine Family and evaporative equipment, more fully described in the application of the above named manufacturer/importer. Vehicle models covered by this certificate have demonstrated compliance with the applicable emission standards, as more fully described in the manufacturer/importer's application. This certificate covers the above models, which are designed to meet the applicable emission standards specified in 40 CFR Parts 1051, at both high and low altitude as specified in the manufacturer/importer's application.

EPA is issuing this certificate subject to the conditions and provisions of 40 CFR Part 1031, Subpart D, and G.

This certificate covers only those vehicles which conform, in all material respects, to the design specifications that applied to those vehicles described in the documentation required by 40 CFR Parts 1051, 1065 and 1068 and are produced during the 2007 model year production period as defined in 40 CFR Parts 1051, 1065 and 1068. The manufacturer/importer shall obtain the approval of the California Air Resources Board (in the form of an executive order issued by the California Air Resources Board) prior to introducing any vehicle covered by this certificate into commerce (1) in the State of California, or (2) in a State that, under the authority of Section 177 of the Clean Air Act, has adopted and placed into effect the California standards to which this test group has been certified. This Certificate does not cover vehicles sold, offered for sale, introduced, or delivered for introduction into commerce in the U.S. prior to the effective date of the certificate.
